Glossary

HEALING TREATMENT (intuitive combined modalities)

Energy balance massage, hands on healing - channelled energies through me to you, to clear what presents on the day; aura cleanse.

CONSULTATION

Intuitively I select the essences &/or liquid crystals that you are needing. We discuss in detail why & what the essences will do to assist in your healing - whether it is to clear old patterns, painful emotions, physical symptoms, to open up new pathways, or to settle your mind and release safely what no longer serves you.

HEALING MASSAGE

This is a combination of a relaxation massage with a liquid crystal infused in to the oil; as well as activating healing chambers using Pleiadian light work techniques, releasing heavy energies, emotions and pain. A brief aura cleanse is included.

DISTANCE HEALING

This begins with a phone consultation to assess what form of healing will best serve you. It could be using Crystal Light Healing techniques, Reiki, Pleiadian Light work - to clear energetic blockages, attachments, stuck emotions, pain. I intuitively select the appropriate essence or liquid crystal; or create one using the crystals in the healing that has been programmed to work specifically with you.

I package and post this to you free of charge.

Credit Card or Eftpos Payments 5% will be added to the total cost of your order.

Gift Vouchers are available for healings, packages or essences; which will be gift wrapped and posted anywhere.
